Yearly Membership

- * 12 Euro (minimum amount)
- I'll pay an additional voluntary yearly contribution of: [empty space]

We set our membership to a minimum amount of €12 per calendar year. We chose so, as we want money to be the last things to stand in the way to join us. Nevertheless, we are very much dependent on income from membership contributions and would be happy if everyone chooses their membership amount based on their personal financial situation. As a comparison, the average yearly contribution of the biggest Dutch political parties is €42.

I am already member at another party

Membership in M:OED is incompatible with:

- membership of another political party whose values conflict with the values of M:OED
- membership of another party participating in the Maastricht municipal elections.
